

Knight of Sight presented to Dr. Michael Vrabec

April 17, 2014 --

The Fond du Lac Evening Lions Club presented the prestigious Knight of Sight Fellowship to Dr. Michael Vrabec at a presentation in his office. He was chosen for his continued support to the Lions Eye Bank of Wisconsin performing numerous surgeries to individuals needing cornea replacements. After the surgery, a person's eyesight is so improved, they are able to resume a normal lifestyle and able to return to work. A Knight of Sight Fellowship is awarded by the Lions Eye Bank upon receipt of a \$1,000 donation by a club or an individual to the Eye Bank's operating fund.

Dr. Vrabec recently performed surgery on a Fond du Lac resident. The Lions Club helped pay for the tissue expense.

Lions from all over the state volunteer their time and automobiles to transport donated eye tissue down to the eye bank in Madison for processing. The corneas are then transported back to doctors throughout the state for transplantation.

Other FDL Evening Lions that are Knight of Sight Fellows are Wayne Bargaquast, Frank Bartzen, Tom and Betty Clausen, Gary Colton and Erv Karls.
