

## **Lions Seeks Shoppers for Flea Market**

### **March 2017 --**

The Fond du Lac Lions are seeking shoppers for their upcoming flea market on Sunday, March 19 in the Recreation Building at the Fond du Lac County Fairgrounds.

March is Vision Awareness Month, so the Lions will be collecting glasses and used hearing aids at the door. There is free admission to the market with the donation of one pair of glasses or hearing aid. A \$1 admission fee will be charged to all other shoppers 13 years and older. This donation to the Lions and Lioness goes to support local children who attend the Wisconsin Lions Camp in Rosholt. Statewide, close to 1,500 blind, hard of hearing, cognitively disabled and diabetic children attend the camp free of charge. The clubs also donate to the Boys and Girls Club, Back to School Program, Habitat for Humanity, the First Books program and the Boy Scouts and SEA Scouts. A complete list of organizations that the club supports is located on the club's website [fonddulaclions.org](http://fonddulaclions.org).

The Fond du Lac Lioness Club will provide the food service for the customers.
